JULY 2005 NEWSLETTER

Pres. Doug Mowry

(508) 476-4058

Young Eagles Coordinator: please volunteer

VP Mike Vidal

(508) 761-8012

Treas. Joe Kelly

(508) 695-6319

Sec. Mark Howards

(781)784-3896

Minutes from Meeting on 6-17-05

Dale Fox

We met in the trailer at 1B9. Joe Kelly presented the Treasurer's report.

Tony updated us regarding the Airport Commission meeting. Building of the new hangers and apron is to commence in July.

Airport clean-up efforts are continuing. Some of the items near the trailer have been removed.

1B9 hosted the Mansfield elementary schools' field trip at the airport. Special thanks to **Hal Curtin, Jim Bennett, Al Miano and others** for assisting in this effort as it was appreciated by the students as well as King Aviation, the primary sponsor.

The Holiday Party will be held 10 December beginning at 6:30 PM at the "Tavern" in Norton. The plan is to have the same format we used in past years at Ann's Place. Santa's representative was pleased to learn that there is a room for Santa to collect his thoughts before coming to the party as well. Additional details will be forth coming.

It was noted that NDB approaches at Norwood, Hyannis, and Plymouth are being canceled.

Due to the 4th of July holiday, the next officers meeting will be held Monday, 11 July.

The meeting adjourned at 8 PM to an interesting impromptu presentation by Will Thorn regarding avionics upgrades in old aircraft. He spoke of additional payloads being obtained by just taking out unused wiring. This wiring may have been the result of initial production or left behind as earlier upgrades were accomplished or as has happened, using a low-cost quick turn type place to do the work. He related as an example the large amount of wire removed when he upgraded his 310. Will stressed the importance of planning the work, beginning with an accurate schematic of all work to be done and following up the job with a new weight and balance calculation.

Hangar flying continued following the presentation. A pleasant evening all in all.

Life is simple. Eat, sleep, fly.

EAA 701 JULY

The next regular Chapter meeting will be Friday, July 15th at the 1B9 trailer.

We will begin the business meeting at 7:30 PM . See you there!!

** It's better to break ground and head into the wind than to break wind and head into the ground.*

** Basic Flying Rules:*

o Try to stay in the middle of the air.

o Do not go near the edges of it.

o The edges of the air can be recognized by the appearance of ground, buildings, sea, trees and interstellar space. It is much more difficult to fly there.

** If you're faced with a forced landing, fly the thing as far into the crash as possible. **Bob Hoover***

** If an airplane is still in one piece, don't cheat on it. Ride the bastard down. **Ernest K. Gann***

** You've never been lost until you've been lost at Mach 3. - **Paul F Crickmore***

Newsletter Frequencies

Send your news to the editor via e-mail to newsletter@eaa701.org.

Use "classic" mail to Dale Fox, Editor 232 Underwood St. Holliston, MA 01746.

The deadline for the next issue is 10 days before the next meeting. Items received after will be included in the next issue. —

NOTE:

An electronic version is available in PDF form in lieu of the hardcopy snailmail version. You will be able to look at the pictures in color. The Adobe Reader is available on the Net free at Adobe.com. Send your e-mail address to: newsletter@eaa701.org to be included on the list to receive the PDF version. The issue will also posted on the web site: www.eaa701.org
